

## Current probe P32.UE 3000A / 1V

The P32.UE 3000A / 1V current probe has been designed for use with multimeters, recorders, safety testers etc. for accurate non intrusive measurement of AC current. Using the latest transformer technology, the P32.UE 3000A / 1V probe can measure currents from 10A to 3600A over a frequency range of 30Hz to 10kHz.
